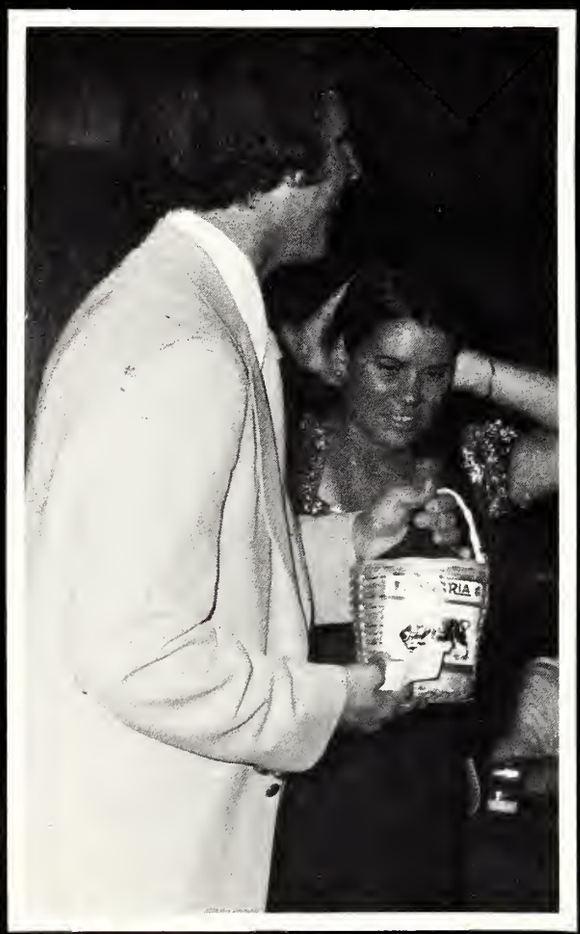
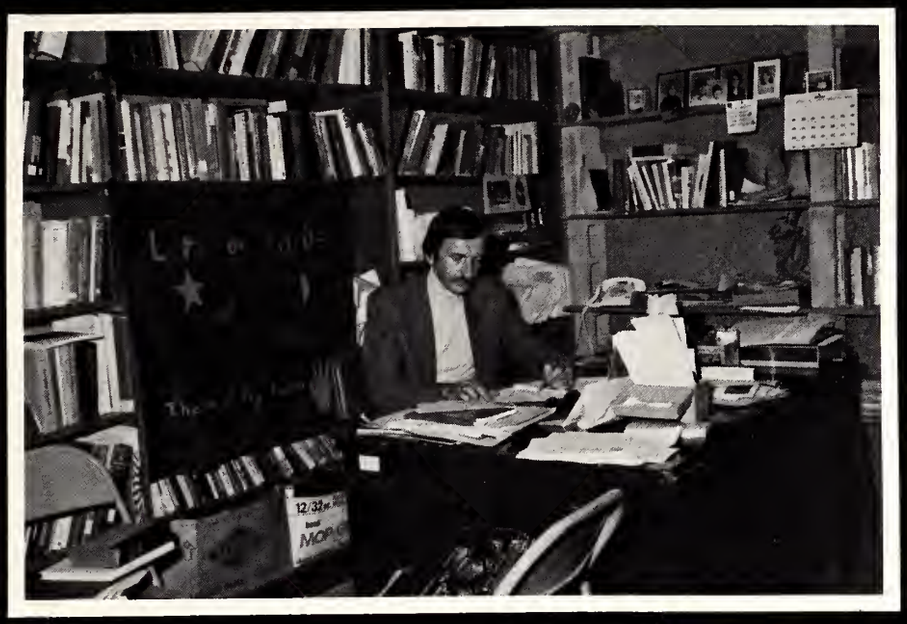
What a challenge it was,
. . . a totally new experience,
. . . a different environment,
. . . a promise of someday.

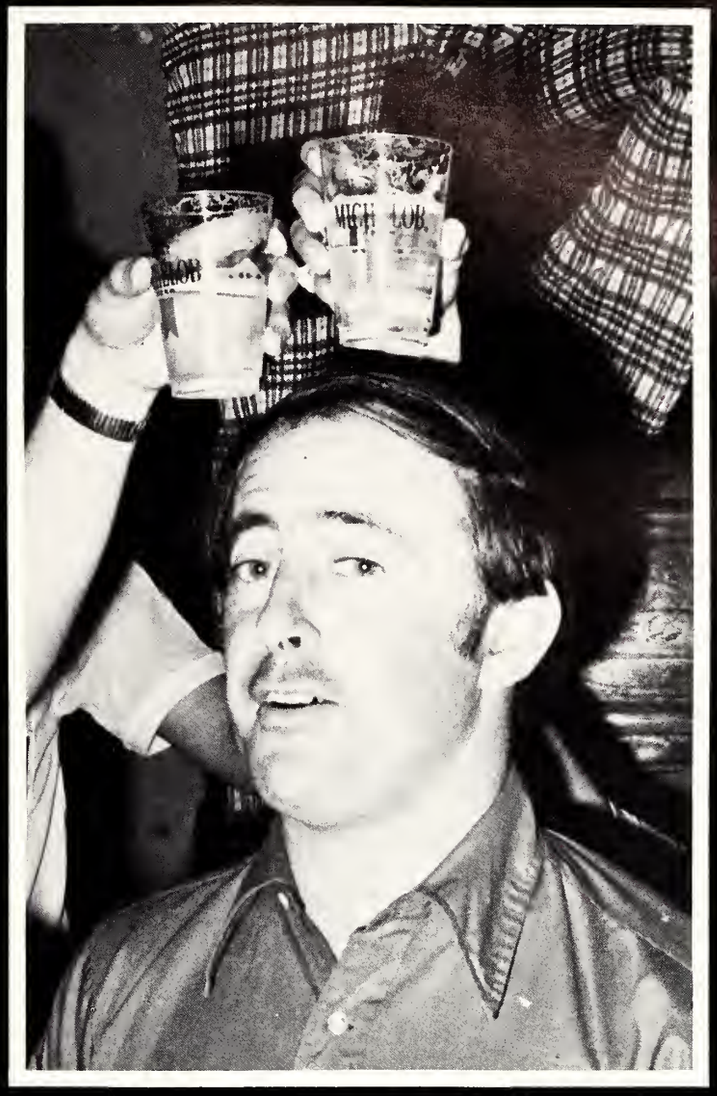


. . . an opportunity
for new relationships,
with others.
Some,
you'd never know,
Many,
you'd grow to love

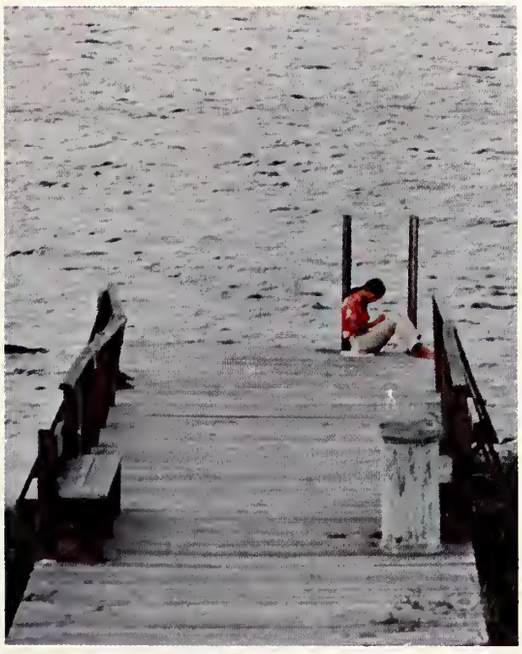
. . . a time of need,
reaching out,
to those who,
understood and cared.



. . . a revelation,
opening up,
not holding back,
casting aside old insecurities,
being yourself . . . .
and really living.



The challenge . . .
it was accepted,
because we were there.



We cannot return,
we can only look behind.

1975 Dedication

Your involvement with us began at the first social event for freshmen in 1971 and has continued to support us through Commencement in 1975. Small of stature, you never needed much space to prove your abilities, but you were always there when we needed you. Your spirit of quiet dedication and loyalty stands as a challenge to us as we face the future.

To show our love and appreciation for all you have been to us during our four years at St. Leo College, we gratefully dedicate the 1975 Golden Legend to Mrs. Hazel Whitman.

Afterword

If you are pleased with this '75 Golden Legend, (and even if you aren't, you may wonder who's responsible. We have many people to thank for this book. You who have paid for a copy and those of you whose tuition has helped to defray the cost deserve a great deal of thanks.

In particular, I would like to thank Adolfo, who ran around getting all the business straightened out, did the whole Underclassmen section, and helped with the many decisions. Desie, who put the Sports together, Vicky and her friends, who did the Senior section, Bill and the super-human attempt at the lakehouse were all very dedicated workers. I owe a lot to all my friends and the members of the Publications Board for being around to listen when I needed to talk.

Our advisor, Libby Tesar is a saint. She has helped me tremendously and I can't thank her enough.

The Wiseman's, our very professional photographers, are dedicated people who have helped us far beyond what any yearbook staff could expect.

Our new publishing company has been very helpful and understanding. I have not yet seen the finished product, but if the men who represent the company are any indication, it has to be an excellent job.

What would we do without our photographer, Peter Lowman? Even you, the students, must know how hard he has worked. I just wish you could know the hard work and dedication that the other students, faculty members, and administrators have put forth on this, The Golden Legend 1975.
